COMMITTEES

Under Article 24, March Meeting 1940

Voted unanimously by a voice vote that a committee of eleven (11) be named to consist of the three (3) Selectmen of Cohasset and eight (8) other citizens of the Town to be appointed by the Moderator to determine the disposition of the following real property owned by the Town:

1. The Bates Building property, so-called, situated on Elm Street opposite the Osgood School.

2. The Town Home situated on Pond Street.

This Committee to have the power to prepare a plan for the disposal of the properties in any suitable manner and report thereon to the Annual or a Special Town Meeting; in the interim the committee to have the power to dispose of any of the houses or buildings erected on the properties by sale or otherwise.

The eight citizens appointed by the Moderator are as follows:

Mr. William H. McGaw, South Main Street.
Mr. Georg T. Vedeler, Pond Street.
Mr. Charles E. Howe, Spring Street.
Mr. Thomas L. Grassie, Elm Court (Died July 15, 1942).
Mr. Henry E. Sweeney, Bow Street.
Mr. Ralph E. Scripture, Elm Street.
Mr. Hollis T. Gleason, Atlantic Avenue.
Mr. Everett W. Gammons, Highland Avenue.

Voted, unanimously, by a voice vote (at the 1941 Meeting) that committee be continued and unfinished business recommitted to it.

Voted, unanimously, by a voice vote (at the 1942 Meeting) that the Committee be continued for another year.

Attest:

WILLIAM H. MORRIS,
Town Clerk.

TOWN CLERK'S REPORT

Town of Cohasset

REPORT OF THE ANNUAL TOWN MEETING

HELD MARCH 7, 9, 1942

At the Annual Business Meeting held at the Ripley Road School Auditorium at 2 o'clock P. M., March 7, 1942 and adjourned to 8 o'clock P. M., March 9, 1942, the following Articles were contained in the Warrant and acted upon as recorded:

Checkers previously appointed for entrance by the Selectmen and sworn by Town Clerk William H. Morris at 1:20 o'clock P. M., were Nellie DeSantos, Jean D. Rosano, Isabel Grassie and Rosella Trott.

Tellers appointed by the Moderator and sworn by Town Clerk William H. Morris at 2:10 o'clock P. M., were Henry E. Sweeney, John L. Emery, Reginald R. Beal and Ziba T. Lapham.

The Meeting was opened at 2:30 o'clock P. M., by the Moderator and the Town Clerk proceeded to read the Warrant.

ARTICLE 1. To choose all town officers not required to be elected by ballot.

VOTED: Unanimously, by a voice vote, that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

ARTICLE 2. To act upon the reports of the various Town Officers as printed in the annual report for the year 1941.

VOTED: Unanimously, by a voice vote, that the reports of the various Town Officers as printed in the annual report for the year 1941 be accepted with correction on page 113—due to typographical error—the last amount in Report of Collector of Taxes to read $265,756.66.

ARTICLE 3. Roger B. Coulter and others: To see what action the Town will take with respect to voting and/or recommending an increase in the salaries, compensation and wages of its Public Officials, Town Officers and employees, elected, appointed and otherwise; raising, appropriating and allocating a sufficient sum of money therefor or what further or other action it will take relative thereto.

MOVED: In view of the increase of the cost of living, that the salaries, compensation and wages of the Town's Public Officials, Officers, and Employees, elected, appointed and otherwise, be temporarily increased and recommended for increase for the year, as recommended by the Finance Committee in their report, to be effective, January 1, 1942, including an increase to $5.50 per day for all Town day labor. Such increase to be provided, fixed, allocated, by appropriate vote under Article 5 of this Warrant.

VOTED: In the affirmative, to amend the previous motion, by a voice vote, as follows:

MOVED: In view of the increased cost of living, that the salaries, compensation and wages of the Town's Public Officials, Officers and Employees, elected, appointed, and otherwise, be temporarily increased and recommended for increase for the year, by ten percent (10%), not to exceed however, $200.00 in any one office or position, or in case of individuals holding more than one office or position, not more than $200.00 increase in the combined offices or positions held by said individuals. Such increase to be effective, January 1, 1942 and to be provided, fixed and allocated by appropriate vote under Article 5 of this Warrant.

VOTED: This motion as amended in the affirmative, by voice vote.

ARTICLE 4. Frederick G. Roche and others: To see if the Town will vote a ten percent (10%) increase in the salaries or compensation of its elected Public Officials and Town Officers, not to exceed, however, $200.00 in any one office; recommend a similar increase in the case of all appointed officers and positions in all departments; recommend an increase of ten percent (10%) in the wages or compensation of all other employees: and raise and appropriate a sufficient sum of money to meet the same.

VOTED: Unanimously, by a voice vote, that this Article be indefinitely postponed.

ARTICLE 5. What sums of money will the Town raise and appropriate for operation, salaries and expenses for the following:

MOVED: That the subdivisions and sections of this Article be considered, covered and acted upon in one vote; that a temporary ten per cent (10%) increase in view of the current increase in the cost of living, as voted under Article 3 of this Warrant be and hereby is made in the salaries or compensation of its elected public officials and town officers for this year, effective as of January 1, 1942, not to exceed, however, $200.00 in any one office or in case of individuals holding more than one office not more than $200.00 increase in the combined offices or positions held by said individuals; a similar restricted increase in the case of all appointed officers and positions in all departments being hereby recommended; and a similar restricted increase of ten per cent (10%) in the wages or compensation of all other employees likewise recommended; and therefore that the sum of $280,306.84 be raised and appropriated, $13,970.00 for salaries of elected town officers, the same being so fixed as follows, and $266,336.84 for salaries, operation, maintenance and expenses of the various departments and all for the purposes itemized in subdivisions #1 to #49 inclusive of this Article as contained in the Warrant and as follows:—

VOTED: This motion, as amended, in the affirmative, by a voice vote.

VOTED: By a voice vote, that Article 28 be taken up at this time.

ARTICLE 28. To hear the Report and Recommendations of the Zoning Committee and to see if the Town will vote to accept such Report and Recommendations and adopt the following Zoning By-Law, to be added to the Town's By-Laws, or take any other or further action relative thereto.

Zoning By-Law for the Town of Cohasset, Massachusetts

A by-law to promote the health, safety, convenience, and welfare of the inhabitants by dividing the town into districts and regulating the use and construction of building and premises with a view to encouraging the most appropriate use of land in the town.

SEC. I. ESTABLISHMENT OF DISTRICTS

1. Classes of Districts. The Town of Cohasset is hereby divided as shown on the Zoning Map dated Jan. 28, 1942, and filed with the Town Clerk, into three classes of districts:

Residence A districts
Residence B districts
Business districts

2. Lots in Two Districts. Where a district boundary line divides any lot existing at the time such line is adopted, the regulations for the less restricted portion of such lot shall extend not more than thirty feet into the more restricted portion, provided the lot has frontage in the less restricted district.

SEC. II. RESIDENCE A DISTRICT USES

In a residence A district no building shall be erected or altered and no building or premises shall be used for any purpose except

1. Detached one-family dwelling;

2. Alteration of a dwelling existing at the time this by-law is adopted for two families;

3. Private club not conducted for profit and not containing more than five sleeping rooms;

4. Church;

5. Educational use;

6. Farm, poultry farm, garden, nursery, or the extension of an existing greenhouse, excluding any use injurious, noxious or offensive to the neighborhood;

7. Municipal recreational use;

8. Accessory use on the same lot with and customarily incident to any of the above permitted uses and not detrimental to a residential neighborhood. The term "accessory use" shall not include

(a) A garage for or storage of more than three automobiles unless authorized by the Board of Appeals;

(b) The sale of produce unless the major portion thereof is raised on the premises;

(c) Advertising signs except those pertaining to the lease, sale, or use of a lot or building on which they are placed, and not exceeding a total area of twelve square feet; provided that on a lot occupied by a dwelling there may be not more than two signs with a total area of not more than two square feet pertaining to the use thereof or bearing a name and the designation of any authorized occupation, and being such signs as are customary on any building used for the purposes permitted by this section.

9. Any of the following uses, provided it is not injurious, noxious or offensive to the neighborhood, and only if authorized by the Board of Appeals:

(a) Aviation field;

(b) Cemetery;

(c) Commercial greenhouse;

(d) Fur farm;

(e) Golf club;

(f) Gravel, loam, clay or sand stripping or removal;

(g) Hospital, convalescent home, sanitarium, institution, or philanthropic use;

(h) Ice harvesting and storage on the same premises;

(i) Kennel for the sale or boarding of dogs;

(j) Municipal use;

(k) Riding stable;

(l) Stone quarry;

(m) Telephone exchange, not including a service station or outside storage of supplies.

SEC. III RESIDENCE B DISTRICT USES

In a residence B district no building shall be erected or altered and no building or premises shall be used for any purpose except

1. Any use permitted in a residence A district;

2. Pair of semi-detached one-family dwellings;

3. Hotel or lodging house if authorized by the Board of Appeals.

SEC. IV. BUSINESS DISTRICT USES

In a business district no building shall be erected or altered and no building or premises shall be used for any purposes except

1. Any use permitted in a residence B district;

2. Filling station, garage, or storage of automobiles, if authorized by the Board of Appeals;

3. Municipal use;

4. Newspaper or job printing;

5. Office or bank;

6. Place of amusement or assembly;

7. Restaurant, hotel, or lodging house;

8. Retail business, service, or public utility not involving manufacture on the premises except of products the major portion of which is to be sold at retail by the manufacturer to the consumer and provided further that not more than four operatives shall be employed in such manufacture;

9. Sign advertising goods or services offered by an occupant of the premises for sale, hire, or use;

10. Any other use not injurious, noxious, or offensive to the neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, or noise or other cause, provided the Board of Appeals authorizes it and prescribes appropriate conditions and safeguards in each case.

SEC. V. NON-CONFORMING USES

1. Continuation of Non-conforming Uses. Any lawful building or use of a building or premises or part thereof existing at the time this by-law or any amendment thereto is adopted may be continued although such building or use does not conform to the provisions thereof and such building or use may on approval of the Board of Appeals be extended throughout such premises, provided such use has not been discontinued for a period of one year.

2. Change of Non-conforming Uses. The Board of Appeals may permit any non-conforming use to be changed to any specified use not substantially different in character or more detrimental or objectionable to a neighborhood.

3. Limitation on Restoration. A non-conforming building which has been damaged or destroyed may be repaired or rebuilt, but the restoration shall not exceed the original area and height and shall be placed no nearer the street than the building which it replaces.

SEC. VI. HEIGHT REGULATIONS

1. Residence District Heights. In a residence A or B district no building shall be erected or altered to exceed two and one-half stories in height unless it sets back from each street and lot line ten feet in addition to the requirements of Section VII. No building shall exceed three stories in height.

2. Business District Heights. In a business district no building shall be measured or altered to exceed three stories in height.

3. Measurement of Height. An attic shall be counted as a story, provided that a story in a sloping roof, the area of which at a height four feet above the floor does not exceed two-thirds the floor area of the story immediately below it, shall be counted as a half story.

4. Height Exceptions. Chimneys, elevators, poles, spires, tanks, towers, and other projections not used for human occupancy may extend above the height limits herein fixed.

SEC. VII. AREA REGULATIONS

1. Rear Yards. In a residence A district there shall be behind every building except a one-story building of accessory use a yard having a minimum depth of one-quarter of the depth of the lot or thirty feet, whichever is the less. In a residence B district there shall be behind every building except a one-story building of accessory use and in a business district there shall be behind every dwelling a yard having a minimum depth of one-sixth of the depth of the lot or twenty feet, whichever is the less. No yard shall be occupied by a building other than a one-story building of accessory use.

2. Side Yards. In a residence A district no building except a one-story building of accessory use shall be built within ten feet of a side lot line or within twenty feet of another building, and in a residence B district no building except a one-story building of accessory use shall be built within eight feet of a side lot line or within sixteen feet of another building unless there is a party wall; provided that on no lot existing at the time this by-law is adopted shall the aggregate width of side yards thus required be such that less than twenty-four feet of the width of the lot may be built upon. In a residence A or B district no one-story building of accessory use shall be built within seven feet of any lot line or of another building unless there is a party wall. In a business district no building shall be built within six feet of a rear or side lot line or of another building on the same lot unless contiguous thereto.

3. Front Yards. In a residence A or B district no building or roadside stand shall be erected or placed within twenty feet of a street line, and no building of accessory use or farm or poultry farm building other than a dwelling or roadside stand shall be built within sixty feet of a street line, provided that no building other than a farm or poultry farm building need be set back more than twenty per cent of the depth of the lot nor more than the average of the setbacks of the buildings nearest thereto on either side, a vacant lot one hundred feet or more in width or a lot occupied by a building set back more than twenty feet being counted as though occupied by a building set back twenty feet. In any district there shall be in front of every dwelling not abutting on a street a yard not less than thirty feet deep.

4. Corner Clearance. Within the area formed by the lines of intersecting streets and a line joining points on such lines fifteen feet distant from their point of intersection, or in the case of a rounded corner the point of intersection, or in the case of a rounded corner the point of intersection of their tangents, no structure other than a building and no foliage shall be maintained between a height of three and one-half feet and a height of eight feet above the plane through their curb grades.

5. Lot Size. No building, except one-story buildings of accessory use shall be erected in a residence A district on a lot containing less than twenty thousand square feet or less than one hundred feet wide and in a residence B district on a lot containing less than seventy-five hundred square feet or less than sixty feet wide, the lot width in each case to be measured through that part of the building to be erected where the lot is narrowest; provided that one building and its accessory buildings may be erected on any lot which, at the time this by-law is adopted, either is separately owned or contains five thousand square feet, is fifty feet wide, and is shown on a recorded plan of lots.

6. Appurtenant Open Space. No yard, lot area, or other open space required for a building by this by-law shall during the existence of such building be occupied by or counted as open space for another building.

7. Projections. Nothing herein shall prevent the projection of steps, stoups not exceeding twenty-four square feet in area, eaves cornices, window sills, or belt courses into any required yard.

SEC. VIII. ADMINISTRATION

1. Enforcement. This by-law shall be enforced by the Selectmen until such time as there is an Inspector of Buildings and thereafter by him. They or he shall issue no permit for the erection or alteration of any building, or part thereof, plans and specifications and intended use of which are not in all respects in conformity with the provisions of this by-law. With each application for a permit to build there shall be filed a plan showing the lot, the area and location of which justify the building, and showing separately each open space appurtenant thereto.

2. Certification of Occupancy. No premises or building or part thereof hereafter erected or altered wholly or partly in use or structure or the open spaces pertaining to which are in any way reduced shall be used until the Selectmen or Inspector of Buildings shall have certified on the building permit, or, in case no permit is issued, shall have issued a certificate of occupancy, specifying the use to which the premises, or the building upon being sufficiently completed to comply with the provisions and regulations relating thereto, may be put.

3. Board of Appeals. There shall be a Board of Appeals of three members and one associate member appointed as provided in section thirty of chapter forty of the General Laws, as amended, which shall act on all matters within its jurisdiction under this by-law in the manner prescribed in said section and subject always to the rule that it shall give due consideration to promoting the public health, safety, convenience, and welfare, encouraging the most appropriate use of land, and conserving property values, that it shall permit no building or use injurious, noxious, offensive, or detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

4. Penalty. Whoever violates any of the provisions of this by-law shall be fined not more than twenty dollars for each offense. Each day that wilful violation continues shall constitute a separate offense.

5. Other Regulations. This by-law shall not interfere with or annul any by law, rule, regulation, or permit, provided that, unless specifically excepted, where this by-law is more stringent it shall control.

6. Validity. The invalidity of any section or provision of this by-law shall not invalidate any other section or provision hereof.

VOTED: By a hand vote, to lay this Article on the table.

Yes	198
No	113

ARTICLE 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor, payable within one year,

and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

VOTED: Unanimously, by voice vote, that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

At this time a quorum being questioned a count of the number present was ordered by the Moderator, and there were 142 present.

VOTED: To adjourn to Monday evening, March 9, 1942, at 8 o'clock P. M.

Met in accordance with adjournment.

ARTICLE 7. To hear the report of any Committee heretofore chosen and act thereon.

Kendall T. Bates, Chairman of the Building Committee stated that the report of that Committee was published in the Town Report and it was VOTED: Unanimously, by a voice vote, that the Committee be continued for another year.

ARTICLE 8. To see if the Town will vote to appropriate from available cash in the treasury a sum not exceeding $30,000.00 for the use of the Assessors in fixing the tax rate for the ensuing year.

VOTED: Unanimously, by a voice vote, that there be appropriated from available cash in the treasury for the use of the Assessors in fixing the tax rate for the ensuing year such sum not exceeding $30,000.00 as the Assessors in their discretion may determine advisable.

ARTICLE 9. Will the Town vote to appropriate the sum of $780.78, this being the sum received from the County for dog licenses, for Schools, as required by Chapter 140, Section 172 of the General Laws?

VOTED: Unanimously, by a voice vote, that the sum of $780.78 be and hereby is appropriated from available cash in the treasury, being the unexpended balance of the Dog Fund received from the County for dog licenses, in accordance with Chapter 140, Section 172 of the General Laws to be expended for the support of the Public Schools.

ARTICLE 10. To see if the Town will raise and/or appropriate from Overlay Surplus, or otherwise, the sum of $6,500.00 for the purposes of a Reserve Fund, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the sum of $6,500.00 be and hereby is appropriated from overlay surplus for the purposes of a Reserve Fund.

ARTICLE 11. Will the Town vote to raise and appropriate the sum of $347.72 to pay the following bills of 1940 and 1941

Town Hall	$8.50
Fire Department	273.26
Highways, Street Signs, Fountains and Highways under Selectmen	1.35

Department of Public Welfare	14.92	
School Department	56.74	
North Cohasset Post Office and Fire Department Building	6.00	
W. P. A.	13.95	
		$374.72

VOTED: Unanimously, by a voice vote, that the sum of $374.72 be raised and appropriated to pay the following bills of 1940 and 1941:

Town Hall	$8.50	
Fire Department	273.26	
Highways, Street Signs, Fountains and Highways under Selectmen	1.35	
Department of Public Welfare	14.92	
School Department	56.74	
North Cohasset Post Office and Fire Department Building	6.00	
W. P. A.	13.95	
		$374.72

ARTICLE 12. William T. Barnes and others: Will the Town vote to raise and appropriate the sum of $2,100.00 for Truck, Snow Plow attached for the Highway Department?

VOTED: Unanimously, by a voice vote, that the sum of $2,100.00 be and hereby is raised and appropriated for the purchase of a Truck with Snow Plow attachment for the use of the Highway Department.

ARTICLE 13. Joseph A. Dion, Jr., and others: To see if the Town will vote to hereafter elect its Town Treasurer for the term of three years instead of one year, as at present.

VOTED: Unanimously, by a voice vote, that the Town Treasurer hereafter be elected for the term of three years instead of one year as heretofore.

ARTICLE 14. Joseph A. Dion, Jr., and others: To see if the Town will vote to hereafter elect its Collector of Taxes for the term of three years instead of one year, as at present.

VOTED: Unanimously, by a voice vote, that the Collector of Taxes hereafter be elected for the term of three years instead of one year as heretofore.

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of $800.00 for the purposes of maintaining during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

VOTED: Unanimously, by a voice vote that the sum of $800.00 be raised and appropriated for maintaining, during the ensuing year, the Mosquito Control Works as estimated and certified to by the State Reclamation Board in accordance with Chapter 112, of the Acts of 1931.

ARTICLE 16. Elliot Stoddard and others: Will the Town raise and appropriate the sum of $2,500.00 for the construction of an Air-Raid Shelter in the basement of the Ripley Road School and for the purchase of emergency equipment, or act on anything relating thereto?

VOTED: Unanimously, by a voice vote, that the sum of $2,500.00 be raised and appropriated for the construction of an Air-Raid Shelter in the basement of the Ripley Road School, including the purchase of emergency equipment.

ARTICLE 17. To see if tht Town will vote to accept the gifts of $150.00 each from Mrs. Margaret C. Wight and Miss Muriel Crocker towards the cost of erecting a new flag pole on Cohasset Common, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the gifts to the Town of $150.00 each from Mrs. Margaret C. Wight and Miss Muriel Crocker towards the cost of erecting a new flag pole on the Common be and hereby are gratefully accepted with profound appreciation and thanks.

ARTICLE 18. To see if the Town will vote to provide for the Overlay deficits by transfer from the Overlay Reserve Fund, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that there be transferred from the Overlay Reserve Fund the following sums of money to provide for the Overlay deficits for the respective years, to wit:—

1939	$16.07
1940	459.66
1941	1,965.46

ARTICLE 19. To see if the Town will raise and appropriate a sum of money for Civilian Defense purposes as provided in Chapter 487 of the Acts of 1941, or act on anything relating thereto.

MOVED: That the sum of $5,500.00 be and hereby is raised and appropriated for purposes of Civilian Defense as provided in Chapter 487 of the Acts of 1941.

VOTED: Unanimously, by a voice vote, to amend the previous motion by striking out the figures $5,500.00 and inserting in place thereof the figures $10,000.00.

VOTED: Unanimously, by a voice vote, to amend the previous amendment by adding the words "to be expended under the supervision of the Board of Selectmen if they deem it necessary."

VOTED: Unanimously, by a voice vote, in the affirmative, the above motion as amended.

RESOLVED: That this meeting give a rising vote of thanks to Mr. William H. McGaw for the outstanding work that he has done in the interest of Civilian Defense.

The above resolution was adopted by a unanimous rising vote.

ARTICLE 20. To see if the Town will vote to adopt the following to be added to its By-Laws:

ARTICLE 20

Section 1. The Selectmen may license suitable persons as junk collectors to collect, by purchase or otherwise, junk, old metals and second-hand articles from place to place in the Town and no person shall engage in the business without such license.

Section 2. The Selectmen may require all such collectors and their employees or agents to display badges upon their persons or vehicles, or both, when engaged in said business and may prescribe the design thereof.

Section 3. The Selectmen may require that any place, vehicle or receptacle used for the collecting or keeping of said articles be examined at any time by said Selectmen or their agent.

Section 4. No person licensed under this Article shall directly or indirectly purchase or receive any of said articles of a minor, knowing or having reason to believe him to be such.

ARTICLE 21

Section 1. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale and barter of junk, old metals and second-hand articles and no person shall be a dealer in or keeper of such a shop without such a license.

Section 2. No person shall use any building, enclosure or other structure for the storage, sale or keeping of rags, waste paper stock or other inflammable material without a written license therefor from the Selectmen.

VOTED: Unanimously, by a voice vote, that the Town adopt the following to be added to its By-Laws:—

ARTICLE 20

Section 1. The Selectmen may license suitable persons as junk collectors to collect, by purchase or otherwise, junk, old metals and second-hand articles from place to place in the Town and no person shall engage in the business without such license.

Section 2. The Selectmen may require all such collectors and their employees or agents to display badges upon their persons or vehicles, or both, when engaged in said business and may prescribe the design thereof.

Section 3. The Selectmen may require that any place, vehicle or receptacle used for the collecting or keeping of said articles be examined at any time by said Selectmen or their agent.

Section 4. No person licensed under this Article shall directly or indirectly purchase or receive any of said articles of a minor, knowing or having reason to believe him to be such.

ARTICLE 21

Section 1. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale and barter of junk, old metals and second-hand articles and no person shall be a dealer in or keeper of such a shop without such a license.

Section 2. No person shall use any building, enclosure, or other structure for the storage, sale or keeping of rags, waste paper stock or other inflammable material without a written license therefor from the Selectmen.

ARTICLE 21. To see if the Town will instruct its Selectmen to investigate the matter of Civil Service as applicable to its Fire Department and report its finding and recommendations at the next Annual Town Meeting, or will provide for the appointment of a Committee to do so.

VOTED: Unanimously, by a voice vote, that the Selectmen investigate the matter of Civil Service as applicable to the Fire Department and report its findings and recommendations at the next annual Town Meeting.

ARTICLE 22. To see what action the Town will take with respect to acquiring and/or providing a Town Dump, raise and appropriate mony therefor, instructing its Selectmen with regard thereto, or taking any other or further action thereon.

VOTED: Unanimously, by a voice vote, that the Selectmen be and hereby are authorized to acquire, by lease, agreement for purchase, option, or otherwise, in behalf of the Town a suitable tract of land for the purpose of providing a Town Dump, and further that the sum of $300.00 be raised and appropriated for said purpose.

ARTICLE 23. To see if the Town will raise and appropriate the sum of $600.00 towards the purchase of a new cruising car for the Police Department and authorize the sale, turn in or trade of a cruising car in use by the Department as part payment therefor, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the sum of $600.00 be raised and appropriated towards the purchase of a new cruising car for the Police Department and the sale, turn in, or trade of a present cruising car in present use by that Department be hereby authorized in part payment therefor.

ARTICLE 24. To see if the Town will vote to return to the Treasury the unexpended balances of moneys appropriated under Articles 16 and 17 of the Warrant for the 1941 Annual Town Meeting for relocation of certain streets, instruct the Town Accountant to make the necessary transfers, or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, that the unexpended balances of moneys appropriated under Articles 16 and 17 of the Warrant for the 1941 Annual Town Meeting for relocation of certain streets be returned to the Treasury and the Town Accountant instructed to make the necessary transfers accordingly.

ARTICLE 25. Royal A. Bates and others: To see if the Town will instruct its Selectmen to take immediate steps to petition the General Court for appropriate legislation authorizing the Town of Cohasset to pay to J. Lewis Bates an annual pension of $1,000.00, or act on anything relating thereto.

VOTED: By a voice vote, in the negative.

ARTICLE 26. Gaetano Bufalo and others: To see if the Town will vote to sell upon any terms to Gaetano Bufalo (provided restrictions and reservations are removed and it can be legally made possible) any portion of the land situated on Elm Street next the Guild Hall lying between the Brook and property of said Bufalo; instruct its Selectmen in the matter, or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, that this Article be indefinitely postponed.

VOTED: By a hand vote, not to remove Article 28 from the table.

Yes	54
No	302

ARTICLE 27. To see if the Town will authorize the Selectmen to control, regulate or prohibit the taking of eels, and any or all kinds of shellfish, and sea worms within the borders of the Town of Cohasset and grant such other authority as is provided in Section 52 of Chapter 130 of the General Laws, as inserted therein by Chapter 598 of the Acts of 1941, or take any action in relation thereto.

VOTED: Unanimously, by a voice vote, that the Selectmen be and hereby are authorized to control, regulate or prohibit the taking of eels, and any or all kinds of shellfish, and sea worms within the borders of the Town of Cohasset and such other authority as is provided in Section 52 of Chapter 130 of the General Laws as inserted and amended by Chapter 598 of the Acts of 1941 be and hereby is granted the Board of Selectmen.

VOTED: That this meeting be dissolved at 10:00 o'clock P. M.

The total number of voters present, Saturday, March 7, as checked on the Incoming Voting Lists, was 407.

The total number of voters present, Monday, March 9, as checked on the Incoming Voting Lists, was 407.

Total appropriations, less appropriations from free cash and other available funds		$297,806.56
Appropriation, from free cash, for the use of the Assessors in fixing the tax rate, whatever the Assessors may determine, not more than		30,000.00
Appropriations, Dog Fund for Schools		780.78

Attest:

WILLIAM H. MORRIS,
Town Clerk.

SPECIAL TOWN MEETING

June 15, 1942

At a Special Town Meeting held at the Lower Town Hall at 8 o'clock P. M., the following Articles were contained in the Warrant and acted upon as recorded.

Checkers previously appointed for entrance by the Selectmen sworn by Town Clerk William H. Morris at 7:30 o'clock P. M., were Marguerite C. Barrett, Clara E. Hyland, Nellie E. DeSantos and Ora H. Pratt.

Tellers appointed by the Moderator and sworn by Town Clerk William H. Morris at 9:09 o'clock P. M., were John L. Emery and Joseph A. Dion, Jr.

The meeting was opened at 9:10 o'clock, P. M., by the Moderator and the Town Clerk proceeded to read the Warrant.

ARTICLE 1. To see if the Town will vote to authorize and instruct its Selectmen to acquire by purchase and/or take by eminent domain in behalf of the Town for the purposes of a Town Dump and other uses land belonging to August F. B. Petersen situated off Cedar Street containing about nineteen acres, a more particular description of which is shown on Plan filed with the Town Clerk and appropriate $3,000 for the said acquiring thereof or take any other or further action relative thereto.

VOTED: By a hand vote, that the Selectmen be and hereby are authorized and instructed to acquire by purchase and/or to take by eminent domain, in behalf of the Town for the purposes of a Town Dump and other uses, land belonging to August F. B. Petersen situated off Cedar Street in said Town containing 19.133 acres more or less and being shown on plan entitled "Plan of Land of August F. B. Petersen, dated May, 1942, drawn by William H. Taft" on file with the Town Clerk and generally bounded as follows:

WESTERLY: By land now or formerly of Cohasset Golf Club, by 12 courses.

NORTHERLY, WESTERLY and NORTHWESTERLY: By other lands now or formerly of Cohasset Golf Club, in 4 courses.

NORTHEASTERLY: By other land of said Petersen and land now or formerly of one Bancroft.

SOUTHEASTERLY: By other land now or formerly of said Bancroft, in 3 courses, and

SOUTHERLY, SOUTHWESTERLY and SOUTHEASTERLY: By Cedar Street in 18 courses, and more particularly shown on said Plan.

And further that the sum of $2,700 be and hereby is appropriated from free cash in the Treasury for the acquiring thereof, this sum to be in addition to $300 appropriated for the acquiring of a Town dump under Article 22 of the 1942 Annual Town Meeting, making a total of $3,000.

Yes	145
No	16

ARTICLE 2. To see what action the Town will take with respect to acquiring and/or providing a Town Dump and appropriating sufficient funds therefor including expense incidental for suitable fire protection, access, etc.

VOTED: Unanimously, by a voice vote, that the sum of $300 be and hereby is appropriated from free cash in the Treasury for expenses incidental to providing suitable fire protection, trimming and removing of trees, removal of boulders, providing access and other expenses necessary in making the property to be acquired under the previous Article accessible to the public and reasonably suitable and convenient for a Town Dump.

VOTED: That this meeting be dissolved at 10:15 o'clock P. M.

Attest:

WILLIAM H. MORRIS,
Town Clerk.

STATE PRIMARY

SEPTEMBER 15, 1942

WILLIAM H. MORRIS,
Town Clerk.

STATE ELECTION

NOVEMBER 3, 1942

The following officers were sworn in by Town Clerk William H. Morris, at 5:45 A.M.:

Abraham J. Antoine, Sr.	Mary E. Stoddard
Ora H. Pratt	Anastasia St. John
Charles H. Pratt	Spencer H. Stoughton
Florence E. Hill	

The Town Clerk read the Warrant:

To bring in their votes to the Election Officers for the Election of Candidates of Political Parties for the following offices: Governor, Lieutenant Governor, Secretary of the Commonwealth, Treasurer and Receiver-General, Auditor of the Commonwealth, Attorney General, Senator in Congress, Representative in Congress for Ninth Congressional District; Councillor for the Second Councillor District, Senator for Norfolk and Plymouth Senatorial District, Representative in General Court for the Third Plymouth Representative District, District Attorney for the Southeastern District, Register of Probate and Insolvency for Norfolk County, County Commissioner for Norfolk County, County Treasurer for Norfolk County, Clerk of Courts for Norfolk County (to fill vacancy), and to bring in their votes on the following questions:

QUESTION NO. 1

LAW PROPOSED BY INITIATIVE PETITION

Shall the proposed measure which provides that the present statutes which make it a crime punishable by fine or imprisonment knowingly to advertise, print, publish, distribute or circulate any matter containing reference to any person from whom or place where any drug, instrument or means whatever, or any advice or information may be obtained, for the purpose of preventing pregnancy, or to sell, lend, give away, exhibit, offer or advertise any drug, medicine, instrument or other article for the prevention of conception, or to write or print information of any kind stating when, where, how, of whom, or by what means such article can be obtained, or to manufacture or make such article, shall not apply to treatment or prescription given to married persons for protection of life or health by or under the direction of registered physicians nor to teaching in chartered medical schools nor to publication or sale of medical treatises or journals, which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 133 in the negative and in the Senate by a vote of 16 in the affirmative and 18 in the negative, be approved?

QUESTION

1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

3. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

QUESTION

1. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?

2. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

Polls opened at 6 o'clock A.M. Proceeded to vote for State and County Officers and Questions, on the Official Ballot.

The following Tellers were sworn in by Town Clerk William H. Morris, at 9 P.M.:

George G. Monteiro	Katherine F. Donovan
Clara E. Hyland	Reginald R. Beal
Nellie E. DeSantos	Frances Downs

WILLIAM H. MORRIS,
Town Clerk.

COMMONWEALTH OF MASSACHUSETTS

CONVENTION OF TOWN CLERKS

THIRD PLYMOUTH REPRESENTATIVE DISTRICT

On the thirteenth day of November, A.D. 1942, the Town Clerks of Hingham, Cohasset, Hull and Norwell, said towns comprising the Third Plymouth Representative District, assembled at the office of the Town Clerk in Hingham at 12 o'clock Noon, for the purpose of examining the returns of the votes given in and determine who had been elected to represent said district in the General Court, to be holden at Boston on the first Wednesday of January next, proceeded to canvass said returns and found the ballots given in for the candidates to be as follows:

	Hingham	Cohasset	Hull	Norwell	Total
John Q. Knowles	2,558	1,062	826	634	5,080
Samuel Cassidy	1				1
Blanks	291	199	189	104	783
Total	2,850	1,261	1,015	738	5,864

It appearing that John Q. Knowles of Spring Street, Hull, Mass., has received a plurality of the votes given in, a certificate of election was issued to him.

WILLIAM L. HOWARD,
Town Clerk of Hingham

WILLIAM H. MORRIS,
Town Clerk of Cohasset

ANDREW F. POPE,
Town Clerk of Hull

NELLIE L. SPARRELL,
Town Clerk of Norwell

VITAL STATISTICS

Records of Births, Deaths and Marriages Recorded in 1942

Total number of births recorded was one hundred eighty, of which forty-one were delayed returns and corrections of past years, one hundred forty-four being born in Cohasset and thirty-six in other towns. Of the one hundred thirty-nine in the year 1942 there were seventy-seven where the parents were residents of other towns. Of the sixty-two whose parents were residents of Cohasset thirty-one were females and thirty-one were males.

Marriages

Total number of marriages was sixty-one, of which one was a correction of a former year and including those where both parties were non-residents of Cohasset. Twenty-eight marriages were solemnized in Cohasset.

Deaths

Total number of deaths was sixty-four including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the forty who were residents of Cohasset twenty-one were males and nineteen were females.

The principal causes of death were as follows:

Chronic Nephritis	3	Staplylococcic Septicaemia	1
Prematurity	1	Surgical Shock	1
Arteriosclerotic Heart Disease	2	Carcinomatosis	1
Stillborn	5	Carcinoma of the Sigmoid	1
Coronary Sclerosis	4	Bilateral Multiple Nephrolithiasis	1
Carcinoma of Lung	3	Myocarditis	3
Broncho Pneumonia	4	Uremia	1
Congestive Heart Failure	1	Subacute Yellow Athropy of Liver	1
Pulmonary Embolism	1	Hypostatic Pneumonia	3
Accidental	9	Gastro Enteritis	1
Pneumococcus Meningitis	2	Hemorrhage	1
Coronary Thrombosis	6	Suicidal	1
Coronary Occlusion	2	Edema of Lungs	1
Cerebral Hemorrhage	3	Acute Cardiac dilation, arteriosclerosis	1

PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL

"Parents, within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born."—General Laws, Chapter 46, Section 6.

Many times returns are made by Doctors and Hospitals before a child has been named. Make certain the name is recorded.

SOME OF THE REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity. To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor law.

To establish the right of inheritance to property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To establish the right to public office.

To prove the age at which the marriage contract may be entered into.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

WILLIAM H. MORRIS, Clerk,

Board of Registrars of Voters,
Cohasset.

*Replaced Thomas L. Grassie, who died.

TOWN ACCOUNTANT'S REPORT

For Year Ending December 31, 1942

Cohasset, Mass.,
January 25, 1943.

To the Honorable Board of Selectmen and to the Citizens of Cohasset:

I herewith present my annual report in accordance with Section 61, of Chapter 41, of the Tercentenary Edition of the General Laws, for the year ending December 31, 1942, showing in detail the appropriations, expenditures, and the receipts from each source of income. Also a recapitulation sheet and balance sheet showing the assets and liabilities, debt accounts, and trust accounts.

In accordance with Section 50 of Chapter 41 of the Tercentenary Edition of the General Laws, I hereby certify that I have verified the Treasurer's cash, three times during the year, and reconciled the bank accounts each time, and found them correct.

The records of permits and licenses issued by the Selectmen and the balance of departments receiving money for the town or committing bills for collection were examined and checked, the reported payments to the Town Treasurer being compared with the Treasurer's recorded receipts, also the savings bank books and securities representing the investment of the several trust funds in custody of the Town Treasurer. I have further reconciled the accounts of the trust funds in custody of the Trustees of the Cohasset Free Public Library and Paul Pratt Memorial Library.

I have also included detail payroll expenditures of each Department, together with a detailed report of the total expenditures of the School Department.

I wish to take this opportunity to thank all departments for their sincere cooperation this past year.

MALCOLM H. STEVENS,
Town Accountant.

REPORT OF COHASSET POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the Police Department of the Town of Cohasset for the year ending December 31, 1942.

Official Roster of the Department

Chief of Police, Hector J. Pelletier

Sergeant, Earl R. McArthur

Patrolmen

James J. Sullivan
John J. Rooney
Benjamin F. Curley
Thomas B. Kane

John H. Winters, Jr. resigned February 14, 1942
Henry B. Kennedy resigned July 18, 1942

Special Officers

John T. Keating
Frank E. Jason
John J. Ferreira
Joseph M. Jason
Edwin A. Peterson
Spencer H. Stoughton
Ralph S. Enos
Louis J. Simeone
Lot E. Bates, Jr.
Herbert E. Morse

Frederick W. Sullivan
Francis J. Malone, Clerk

Auxiliary Police

Robert B. James, Captain
Lawrence Petersen, Sergeant

PATROLMEN

Bernard Mulcahy
William G. Bradbury
Harold Brown
Arnold Peterson
Milton J. Rogers
Ralph Williams
John Walsh
Harry W. Chisholm
Donald T. Gammons
John D. Mulcahy
James F. Collins
Robert V. Collier
George Bowser
Ernest L. Parker, Jr.
Daniel S. Campbell
Frank J. Migliaccio
Lloyd C. Trott
Martin Grassie
Frederick Grassie
Herbert Dion
Edward E. Tower
S. Stanley Pratt
William O'Hearn
Edward Jacome

Anthony Rosano

Arrest Report

	Male	Female	Total
Assault and battery	3	1	4
Assault upon a police officer	2	—	2
Attempt to commit larceny	3	—	3

Violation of milk laws	2	—	2
Total	91	3	94

DISPOSITION OF CASES

Arrested on warrant, 7; without warrant, 73; summoned by Court, 14; released Chapter 135, General Laws, 37; non-residents, 25; held for trial, 56; guilty, 49; not guilty, 4; filed by order of the Court, 13; suspended sentence and probation, 9; sentenced to institutions, 7; cases pending, 2; dismissed for want of prosecution, 1; turned over to probation officer, 1.

Summary of Work Done by the Department

For the Year Ending December 31st, 1942

Accidents investigated, automobiles	60
Buildings found open and locked by police	116
Calls for inhalator	4
Cars stopped for violations and warned	73
Cars tagged for improper parking	65
Complaints received at headquarters	3,377
Defects in street reported to Highway Department	17
Dogs injured by automobiles	9
Dogs killed by automobiles	3
Duty calls from boxes	1,903
Fire alarms answered	38
General orders issued to department	33
Hackney licenses issued	2
Hackney operators' licenses issued	3
Insane persons committed to institutions	1
Licenses suspended for improper operation	36
Lost property recovered by department	$11.25
Machine gun permits issued	3
Mileage of ambulance	3,494
Mileage of cruising cars	45,488
Motorists assisted	31
Number of days spent in court by officers	81
Oxygen tent calls	57
Permits to purchase firearms issued	1
Permits to solicit funds issued	4
Permits to work on Lord's day issued	2

Persons found dead		1
Persons listed by Police Department, Chapter 440, Acts of 1938:		
Males	1,086	
Females	1,224	
Total		2,310
Persons transported in ambulance		114
Persons transported to hospital and doctors' offices in police cars		14
Radio messages sent out by this station		2,238
Restitution made in cases		$1.50
Revolver permits issued		40
Special attention requested by owners of unoccupied houses		85
Street lights reported out		213
Stolen property recovered by department		$1,782.50
Suicide		1
Summer homes inspected by department		360
Summonses served for other police departments		51
Total fines		$675.00

Conclusion

To the Honorable Board of Selectmen and to the People of Cohasset I want to express my appreciation for the splendid cooperation given me in the past year.

Respectfully submitted,

HECTOR J. PELLETIER,
Chief of Police.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen.

Gentlemen:

My report as Sealer of Weights and Measures for the year 1942 is as follows:

The various weighing and measuring appliances in the Town have been carefully tested. Two hundred and fifty-seven were sealed, thirty-four were adjusted and one was condemned. The amount of $42.60 as sealing fees was collected and paid to the Town Treasurer.

Respectfully submitted,

IRA B. P. STOUGHTON,
Sealer of Weights and Measures.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Forest Warden of the Town of Cohasset for the year ending December 31, 1942.

The Department responded to fifty calls, as follows:

28 grass fires
10 dump fires
6 rubbish fires
3 pumping out cellars
2 filling the Town Common
1 rescue

The equipment of this Department is in first-class condition.

During the months of April and May when permits are not issued, the Town was patrolled on days when conditions warranted it.

Since the Government purchased part of the wooded section of the Town, the Department has been requested to take extra precautions against fires in its vicinity.

Citizens are requested to apply for permits before burning. The State Fire Tower keeps a sharp lookout for all fires in order to safeguard the ammunition station, and when smoke is sighted, both this Department and the State Patrol are notified immediately. Therefore it is important that the Department be informed of any burning to take place.

I want to take this opportunity to thank the citizens for their cooperation.

Respectfully submitted,

JOSEPH L. OLIVER,
Forest Warden.

REPORT OF COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my first report for the Fire Department of the Town of Cohasset for the year ending December 31, 1942.

ORGANIZATION OF THE DEPARTMENT, DECEMBER 31, 1942

Chief	1
Deputy Chief	1
Superintendent, Fire Alarm	1

Regular Drivers		6
Captains	Call Men	4
Lieutenants	Call Men	4
Call Men		32
Alternates		6
Auxiliary		24
Total		79

During the year, the Department responded to 71 alarms: 38 bell alarms, and 33 still alarms, as follows:

House	10	Test	1
Chimney	3	Rescue	2
Automobile	6	Grass	18
Oil Burners	8	Dump	2
Garage	2	Electric Light Pole	1
School	2	Air Raid Test	8
Library	1	Needless	3
Out of Town	4		
	36		35

Total—71

Assessed value of property involved	$236,026.00
Estimated value of contents	87,300.00
Total	$323,325.00
Damage to property	$ 7,414.55
Damage to contents	4,199.00
Total	$ 11,613.55
Insurance paid as recorded	$ 9,720.55

Engine 1 responded to 36 alarms, Ladder 1 to 33, Engine 2 to 11, Engine 3 to 28, and the Chevrolet to 47.

The Department laid 4500 feet 2½ inch hose, 2500 feet 1½ inch hose, 5550 feet ¾ inch booster hose, and raised 422 feet of ladders.

INSPECTIONS

Approximately once a month inspections were made in all business places in the Town, and the occupants were instructed to clean up any fire hazards found. Conditions have been found satisfactory so far. All complaints in regard to fire hazards received prompt attention.

The Department has received a complete list of all oil and range burners in the Town, and many have neglected to secure a permit for the storage of oil. It is a violation of the law for a person to store oil or for a company to deliver oil to an individual unless a permit is posted in a conspicuous place. The Department of Public Safety has instructed this Department to investigate and report all not having a permit. Any person not having a permit to store fuel or range oil should apply for one at once at either Fire Station.

FIRE DRILLS

Occasionally the Chief requested a surprise fire drill at both the Osgood and Ripley Road Schools and found each time that the schools were vacated in a remarkably short period of time. The school staff are to be complimented on the fine drilling they have given the students.

EQUIPMENT

Since taking office in April, the following equipment has been added to the Department: 600 feet 2½ inch hose, 250 feet ¾ inch booster hose, asbestos and rubber gloves, and a number of small articles to lessen the danger in fire fighting. It has been my policy to equip the Department with all the modern fire and First Aid equipment so that it will not be handicapped in any way in fighting a fire or giving First Aid. Fire trucks which had no First Aid kits have been equipped with one. An E. and J. Resuscitator, Inhalator, and Aspirator has been purchased and is now carried at all times on the Chevrolet Squad truck. The men at the Central Station would be glad to demonstrate this equipment to any citizen who may be interested in its performance.

FIRE ALARM

During the summer new air horns were installed at all fire stations. These horns are used both for fire alarm and air raid signals and have proved to be an improvement in calling the men to fires. Owing to conditions beyond our control, it has been impossible to get necessary equipment for both the Fire Alarm System and the Fire Department, and it is hoped that the citizens will take this into consideration if we have occasional setbacks in our system.

DEFENSE

Realizing the difficulty the Chairman of the Defense Committee and the Chief Air Raid Warden were having in manning the Report Center and also the hardship to the citizens who so generously gave up their days and evenings to this work, the Department has agreed to be the Report Center when the Town Hall is closed. A telephone, attached to the Fire Alarm System, has also been added to the Town Hall Control Center, giving a direct line between the Center and the Department. As a result of this agreement, our Air Raid Signal is given much quicker than previously and ahead of neighboring towns. Since June 23, 1942, when the Department took over this work, 1919 calls have been transmitted to or received from the Quincy Warning Center.

CONCLUSION

To the Honorable Board of Selectmen, I want to express my appreciation for the cooperation given to me and this Department; and to Chief of Police Pelletier and the officers of his Department for the fine assistance they have rendered us, especially at fires. To the officers and members of this Department, I want to express my sincere thanks for the efficient and faithful manner in which they have performed their duty. To all others who have volunteered their services or assisted this Department in any way, I extend my thanks.

Respectfully submitted.

JOSEPH L. OLIVER,
Chief of the Fire Department.

REPORT OF SUPERINTENDENT OF FIRE ALARM

To the Chief of the Fire Department:

I take pleasure in submitting my report as Superintendent of the Fire Alarm.

During the past year, the Electric Light and Power Company replaced a great many of the poles. This replacement resulted in the changing of Fire Department wires and fixtures to the new poles.

As you know, after a whole year we have finally changed from fire alarm bells to horns which is a great advantage, especially during these trying times. These horns are far superior in air raids and blackouts than if we had to rely on the old system.

The installation of the private telephone which connects the Town Hall Defense Center with the Central Fire Station was a great improvement. This system prevents false signals from being given.

Of course, we have not installed any new wire or boxes this year because of the scarcity of vital materials.

Respectfully submitted,

HERBERT WILLIAMS,
Superintendent of Fire Alarm.

REPORT OF THE COMMITTEE ON BUILDINGS

January 21, 1943.

To the Citizens of Cohasset:

During the year three small buildings were sold from the Cohasset Home property and one from the Bates Building property.

At the date of writing this report a majority of the Committee has voted to have the Cohasset Home Building and Barn taken down by a building wrecker as there is little left of these buildings but the shells and we do not believe they can be of further use to the town.

The Committee recommends that the Bates Buildings be repaired and kept intact for possible future use by the town.

We believe it is not necessary to continue this Committee further, and recommend that it be discontinued.

Respectfully submitted,

GEORG T. VEDELER
CHARLES E. HOWE
HOLLIS T. GLEASON
EVERETT W. GAMMONS
HENRY E. SWEENEY
A. FRED PETERSEN, Chairman
Secretary
DARIUS W. GILBERT
EVERETT W. WHEELWRIGHT
WILLIAM H. McGAW
RALPH E. SCRIPTURE

REPORT OF HIGHWAY SURVEYOR

January 21, 1943.

To the Citizens of Cohasset:

Your Highway Surveyor's report for year ending December 31, 1942 is much the same as previous years. Due to priority regulations the Tarvia used on our streets was not received until the summer was well advanced; hence the lateness in applying same. (In the early spring the outlook for obtaining any tarvia appeared very dubious to say the least.) However, we were fortunate in receiving 35,546 gallons which enabled us to care for Ripley Road, Jerusalem Road, Nichols Road, Red Gate Lane, Forest Avenue, King, Sohier, Beach Streets and part of Cedar Street.

Fence repairing and painting was more extensively done than formerly; likewise mowing grass and bushes along roadsides.

The snow removal and sanding required more attention in December than during the first of the year. In this connection I wish to state that thus far in 1943 it is a real problem—especially the street sanding.

Most everyone realizes how treacherous are traveling conditions. From every quarter I hear criticisms.

In former years more men and trucks were available. At the present time we are short of both. The few men available do an excellent job, yet there is a limit to their endurance. While it doesn't help our condition, other towns are having similar conditions to cope with.

Respectfully submitted,

WILLIAM T. BARNES,
Highway Surveyor.

REPORT OF HEALTH DEPARTMENT

To the Citizens of Cohasset:

Clinics conducted under the direction of the Board of Health last year consisted of five Diphtheria Immunization Clinics, two School Tuberculosis Clinics, and twelve Well Baby Clinics. Thirty-six children were given immunization treatments at the former, while a total of one hundred and forty-seven children attended the latter.

The relatively small number of children immunized last year and the previous year indicates the progress of a program of immunization inaugurated several years ago.

After considerable publicity and groundwork, one hundred and seventy children were immunized at the first clinics. The second year found one hundred and ten attending, with the number steadily decreasing each year until practically all school children had been treated. It was deemed advisable to add a Pre-School Clinic for children between the ages of six months and five years, and it is in this group, together with a few stragglers and newcomers from the grade school, that the work of the Clinics is now

centered. In addition to the school children, it was found that due to the educational program, many children had been immunized by their family doctor, and that the number of parents who had not consented to the immunization of their children was comparatively small.

Of similar interest is the steady growth in popularity of the Well Baby Clinic held monthly at the Ripley Road School. As mentioned in a previous report several years ago, the Clinic is a preventive agency functioning for the sole purpose of preserving and safeguarding the health of babies. In attendance is Dr. Steward H. Clifford, well-known baby specialist, assisted by the District Nurse and members of the Social Service League. Children who are found to be defective or abnormal are referred to their family physician for treatment. Instruction and advice on care of infants, diets, etc., are prescribed for well babies. Records show a yearly increase in attendance of mothers bringing their children for advice in maintaining and furthering their health, with the result that the Clinics now occupy an important niche in the health program of Cohasset.

It might be well to point out, relative to the tuberculosis cases as outlined in the District Nurses' report, which is herewith attached, that the germ of the disease, while dormant, exists in the body of almost every human being and only becomes active because of the breaking down of resistance due to sickness, exposure, etc., and may be checked with proper attention. Modern facilities and advanced methods have done and can do much for not only the checking of the disease, but also for its eventual cure. The members of this Board and the District Nurse are extremely anxious to co-operate in arranging for transportation, x-rays, treatments and hospitalization to that end.

Other than a slight epidemic of whooping cough, the record of communicable diseases for the past year has been good. There has been a tendency, however, on the part of some parents to underestimate the danger connected with whooping cough which resulted in a certain amount of laxity as to care and isolation, and which required stricter supervision to prevent a greater spread of the disease.

Only one of the number of dog bites reported necessitated the use of anti-rabic serum, which was supplied by this Department.

The communicable diseases reported last year were as follows:

Chicken Pox	23
Mumps	7
Whooping Cough	7
German Measles	4
Measles	2
Pneu. Meningitis	1
Bronchial Pneumonia	1
Dog Bite	6

Dr. John Corrigan, a resident of Cohasset, was appointed School Dentist, replacing Dr. Mulcahy of Hingham, whose work the previous year had been entirely satisfactory. The change was made, with consideration as to ability and experience, because of the feeling that a resident of the Town should have first consideration in an appointment of this kind.

Following is a list of the work accomplished at the Clinic last year:

Permanent Fillings	380
Deciduous Fillings	93
Extractions	118
Cleanings	262

The death of Mr. Thomas L. Grassie necessitated the appointment of a new Milk and Vinegar Inspector. Mr. Grassie had served the Town and particularly this Department faithfully and loyally for many years, and his passing is deeply regretted. His efficiency and co-operation with the State authorities in relation to milk and dairies did much to develop the high standard of milk sold and consumed in Cohasset.

Twenty-six milk licenses were issued last year, together with two licenses for the sale of oleomargarine, two pasteurization plant licenses, and the inspection of dairies continued as in the past.

Brooks, ponds, and ditches were kept clear of obstruction throughout the year. With the exception of threatened flooded areas on Smith Street last March, and again in the late fall, the work consisted of the routine maintenance work of keeping the bed streams level and the courses free from brush, debris, etc. Catch basins were deodorized at intervals during the hot weather. Cat Dam, in addition to the rebuilding of the greater part of the supporting wall of the control gate, necessitated considerable labor in an effort to keep the surface of the pond clear and inoffensive as to appearance and odor.

The Cohasset side of Straits Pond maintained a fairly good appearance throughout the greater part of the summer. Considerable scum appeared on the surface late in August and indications pointed to a considerable outlay of funds in an effort to abate the nuisance. However, rain which began the day work was to begin, alleviated the condition of the pond for the remainder of the season. It was an extremely fortunate occurrence inasmuch as it made possible funds to absorb the cost of two badly needed tires and equipment for the Department truck, and also for the repair of a series of mechanical breakdowns.

Included in the property acquired by the Government for its war needs was the Town Dump on Doane Street, Beechwood. Because of this, at a special Town Meeting, the Selectmen were authorized to purchase property located on Cedar Street for a new Town Dump. Up to the present time, improvements to the property, material and equipment needed for its maintenance is under the direction of the Selectmen. The work of the Town Dump Superintendent has been carried on as in the past. This work consists of collecting and disposing of rubbish, pumping out wells, flooded cellars, supervising dumps, transporting men, equipment, etc.

The past year has been marked with even closer co-operation with the District Nurses, Miss Agnes Weir and Miss Helen Heartz, and the Social Service League in regards to communicable diseases, Clinics, etc. This also applies to the School Nurse, Miss Fanny James, relative to the School Diphtheria Immunization campaign, and the School Dental Clinic.

Respectfully submitted,

NATHANIEL M. HURWITZ, Chairman,
ABRAHAM ANTOINE, JR., Secretary,
EDWARD E. TOWER,
Board of Health.

REPORT OF THE PUBLIC HEALTH NURSE

To the Board of Health:

The Social Service League American Red Cross Nursing Service made visits to patients during the past year. The visits made for the Board of Health are distributed as follows:

MORBIDITY SERVICE

Tuberculosis	40
Communicable	35

HEALTH SUPERVISION

Newborn	106
Infant	345
Preschool	217
School	63
Adult	35

Fifty-five new infants and twenty new preschool children were enrolled in the Well Baby Clinic during the year. The total enrollment during the year 1942 was 366. The average monthly attendance was 30 as compared to 25 last year.

The nurses assisted at Diphtheria Clinic which was held during April, May, and June. Twenty-seven infants and preschool children were immunized.

A study of the tuberculosis cases in Cohasset was made, and our list has been reclassified by the State Department. We had an X-ray Clinic at the Ripley Road School for those people who could not get to Norfolk County Hospital. The following is a report of the case study:

Number of reported cases listed	25
Removed from list after check-up	12
Active list	6
Inactive list	6
School clinic	1
Percent active	46%

The Nursing Service hopes to do a greater amount of work in the coming year in Health Education regarding Communicable Diseases.

Respectfully submitted,

HELEN M. HEARTZ, R.N.,
AGNES WEIR, R.N.,
Public Health Nurses.

REPORT OF THE BOARD OF SELECTMEN

January 18, 1943.

To the Citizens of Cohasset:

The routine business of the town has been consumated with complete harmony of the board and splendid cooperation of all affiliated departments.

Particular attention has been given to the Civilian Defense program during the year. Every possible assistance has been given the several cooperating agencies and the time and effort the citizens have given in this work is praiseworthy. We believe that the whole community joins with us in thanking the Rationing Board and their capable assistants for their outstanding service to the community.

With the nearby defense industries offering attractive wages the town has not been without labor problems. We believe it is necessary and desirable to maintain a wage scale for town employees in keeping with the general increase of wages in private business and municipalities throughout the Commonwealth.

The board has attended the meetings of the Massachusetts Selectmens Association, and meetings sponsored by the Massachusetts Committee on Public Safety. The board also attended a meeting at Kingston, Mass., sponsored by the Department of Conservation, Division of Marine Fisheries. At this meeting an appeal was made to the State officials for State funds to supplement an amount to be provided by the town with which to improve the clam flats. While the area of our flats is small we are mindful of the fact that a great number of families earned their full support from the clam industry during the past depression years and we believe money so invested by the town may again return dividends in the future.

Special attention was given to the care and maintenance of Woodside Cemetery during the year. We believe that the evidence of the town to fulfill its obligation in this respect has been an inspiration to the lot owners to help keep this sacred plot at a standard befitting to its use.

In recognition of the men from our town who are serving in the armed forces a service flag is flown daily from the flag staff on the town common, and an honor roll has been contracted for and we hope will be erected by the time this report is published.

Respectfully submitted,

A. FRED PETERSEN,
DARIUS W. GILBERT,
EVERETT W. WHEELWRIGHT,
Board of Selectmen.

REPORT OF THE ASSESSORS

To the Citizens of Cohasset:

The Assessors of the Town of Cohasset submit their report for 1942:

Total valuation 1941		$9,995,550.00
Total valuation 1942		9,907,276.00

Poll	$246.00
Personal	45.60
Real Estate	2,309.48
Motor Vehicle and Trailer Excise	420.23
	$3,021.31

Respectfully submitted,

DARIUS W. GILBERT,
A. FRED PETERSEN,
EVERETT W. WHEELWRIGHT,
Board of Assessors.

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of Cohasset:

General Relief shows a substantial reduction in the amount of aid granted this year. A total of 16 cases were aided, 10 of which were single persons and six were families representing 17 persons, as against 32 cases representing 105 persons in 1941 and 61 cases representing 193 persons in 1940. On December 31, 1942, there were seven active cases, all of which were unemployable.

AID TO DEPENDENT CHILDREN

During the year there was a total of six cases representing 10 children (under 18 and attending school) who received this type of aid. From January to June there were four active cases, representing six children. In June one case was closed as the youngest child became 18 years old. One case representing three children was added in October and in November one case with one child was added. The status of these cases as follows:

Deserted	1
Widows	3
Man Incapacitated	1
Man in House of Correction	1

OLD AGE ASSISTANCE

Old Age Assistance was administered to 71 cases during the year.

Active cases January 1, 1942	59
New cases opened during the year	10
Cases reopened during the year	4
Cases closed during the year	11
Active cases on December 31, 1942	62

The 11 cases were closed for the following reasons:

Death	4
Moved out of town	2
Self-supporting	4
Ineligible	1

The District Nurse reports a total of eight visits made to the Welfare Cases and 212 visits to eight Old Age Assistance cases. The Red Cross Motor Corps were very helpful in transporting patients to clinics, etc.

Federal Surplus Commodities were distributed at the Guild Hall, but the number of eligible recipients has been greatly reduced due to improved employment conditions. A large portion of the food was supplied to the Schools under the School Lunch Program.

Please refer to Accountant's report for financial detail.

We wish to thank all organizations, individuals, and other town departments for their cooperation during the year.

Respectfully submitted,

EVERETT W. WHEELWRIGHT,
DARIUS W. GILBERT,
A. FRED PETERSEN,
Board of Public Welfare.
Bureau of Old Age Assistance.

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

The Directors present herewith their Annual Report for the year ending December 31, 1942.

During the past year there have been two changes among the ex-officio members of our board. Mr. Kendall T. Bates was succeeded by Fred Petersen, and Reverend Harry C. Meserve was succeeded by Reverend Walter B. Pedersen.

Complete reports of the Treasurer of the Board and of the Librarian are appended below.

FREDERICK HINCHLIFFE, President,
FRED V. STANLEY, Treasurer,
A. FREDERICK PETERSEN,
ROLAND D. EARLE,
WALTER B. PEDERSEN,
ROBERT W. LITTLE,
DONALD T. GAMMONS, Clerk,
Board of Directors, Paul Pratt Memorial Library.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY For 1942

To the Board of Directors of the Paul Pratt Memorial Library:

My report for 1942, herewith submitted to you, will be as brief as possible. Before speaking of the activities of the library, which have been continued as usual, I wish to quote, in part a statement by Elmer Davis, which was addressed to American Librarians. Mr. Davis says, "From my point of view as Director of the Office of War Information, there is one front on which the services of librarians are urgently required. Librarians occupy a position in American life which enables them to see to it that the people of this country have the facts before them.

"Teachers and writers can and do perform useful services on this front, but neither writers nor teachers have at their disposition in their professional work the facilities which the librarian employs. The librarian has around him, or should have, the books in which the facts are presented—the books in which the problems are posed, the considerations are reviewed and the facts made evident. Librarians in their professional duty are continually concerned with the problem of directing their readers to the material which their readers require. In the present war, as never before, this duty of librarians assumes a first and pressing importance and librarians in consequence carry a responsibility such as they have never carried in our history."

What is our contribution to war work? Not as much as it should be, I fear. Since no room is available for the use of committees or meetings, our service lies more directly in supplying books to fill the need of those who are entering into new work in defense plants and elsewhere and of those who wish to refresh their knowledge of subjects studied earlier, as well as of placing in the hands of our readers the best books we can provide for their information and relaxation.

Of the 1,800 odd volumes which were donated for the Victory Book Campaign, 1,225 were sent to Lovell General Hospital, Fort Devens; to the U. S. O. Club, Fort Ethan Allen, Burlington, Vermont; to the U. S. Department of Justice, Immigration and Naturalization Service, Missoula, Montana and to the New England Deposit Library at Brighton, from which center books are distributed in response to requests. Over 700 magazines were also sent to the American Merchant Marine Library in Boston.

There have been no exhibitions except those of friends who have shared their hobbies with us. Much interest has been shown in, and we are very glad to have had, Dr. Oliver H. Howe's collection of lamps; Miss Mary E. Fleming's shoes; Miss Helen S. Collier's dogs and Mr. Ralph D. Laurie's hand-carved shore birds.

For flowers in the summer we are indebted to the Amateur Garden Club members and for the chrysanthemums in Book Week, to Mr. and Mrs. John Daun.

Requests for books which we do not have have been frequently filled by the Division of Public Libraries (of the Department of Education) or through the Inter-library loan.

There have not been as many meetings of Library Clubs this year but I have attended almost all of those few.

The children of the Kindergarten and of the Grades at the Ripley Road School enjoy the books which continue to be sent to their rooms and look forward to their coming. The story hours for which Miss Merrill prepared early in the year were very poorly attended and further plans for them were given up. Miss Merrill has made the Children's Room attractive through posters, book jackets and timely collections of books, which have been chosen for the special holidays or for the season of the year.

In the Children's Room we have four collections of books, picture-books for the pre-school child (jP); books for the first through the third Grades (jj); for the fourth through the eighth Grades (j) and for the teen age, or Junior High School (y),—comprising 4,113 volumes.

Not only the children were interested in the excellent display of books during Book Week, November 15-21, but their mothers as well. The visiting Grades from the Ripley Road School were entertained by Miss Merrill in various ways, from story-telling to instruction in classification and arrangement of books in their room. We are grateful to the Cohasset Hardware Company for the privilege of a window book display throughout the week.

With simple, cheery Christmas decorations the holiday season passed and the year drew to a close.

BOOK STOCK

There have been added to the library 894 volumes,—767 through purchase; 10 through subscriptions or being bound; 96 gifts and 21 from the Pay Collection, while 260 have been withdrawn. The net gain of 634, if added to the number of volumes as reported last year will not quite tally with the number I am to report this year, but there are various reasons for the difference. I feel that the count this year is more accurate than ever before, because certain checking has been done to ascertain the number of volumes in each library. Of the 25,709 volumes (including those at the Beechwood Branch Library), 11,126 are owned by the Paul Pratt Memorial Library and 14,583 by the Cohasset Free Public Library. Of this total, 24,066 volumes are at the Main Library and 1,643 are at the Beechwood Branch.

Gifts of books have been made to the Pay Collection and others have been promised. These, together with those which are bought, will eventually be put upon the shelves.

USE OF LIBRARY

The Library has been open 303 days, having been closed one day when repairs on the heater were being made. The change of hours to 9:30 A. M. to 6:30 P. M., which began November 9, has been very well received and has seemed to be satisfactory to the majority of people. The Beechwood Branch Library has been open its customary two afternoons and evenings each week.

Instead of a re-registration, as suggested last year, it has seemed wiser to "re-issue" the cards, and this method, having been successful, will be continued another year. Not as many people are using the library just

now, since so many are away and others are especially busy. Gas rationing and tire shortage have had their effect as well. During the year there have been 216 new registrations and 920 cards have been re-issued,—a total of 1,136. Of this number 108 have been withdrawn. The file comprises, therefore, 1,028 names, 696 adult and 218 juvenile at the Main Library and 96 adult and 18 juvenile at the Beechwood Branch. This is the first year that the adult and juvenile files have been separated.

The total number of volumes circulated has been 40,035; 36,171 having been borrowed from the Main Library and 3,864 from the Beechwood Branch.

Gifts of books and magazines have been received from Mrs. Cleveland Bigelow; Miss Ethel Bowman; Mrs. R. H. Edwards; Mrs. Percy M. Hendrie; Miss Helen M. Phillips; Mrs. Malcolm Seymour; Mrs. Josiah Wheelwright; Burgess C. Tower; Harry V. Long; Herbert Stott; R. M. Gipson; T. G. Joslin; Kenneth D. Ketchum; Richard C. Thompson; John W. Shyne and, especially for the Beechwood Branch Library, from Mrs. B. L. Kelly and Mrs. Charles C. Philbrook. In addition to gifts from individuals, books, booklets and pamphlets have been received from Smithsonian Institution; Commonwealth of Massachusetts; Cohasset Dramatic Club; Cohasset Girl Scout Council; Cohasset Rotary Club; the Discussion Club; American Legion Auxiliary Unit 114; Cohasset Grange P. of H. No. 412; Literary Guild of America and others.

In closing, I thank you for your help and support which is always so kindly given. I extend to Miss Merrill a sincere "thank you" for her unfailing co-operation. I am grateful to Mr. Butman for his frequent and willing help and also to the young women who have come in as part-time workers.

CHARLOTTE S. TOWER,
Librarian.

Cohasset, December 31, 1942.

REPORT OF HARBOR MASTER

To the Honorable Board of Selectmen,

Gentlemen:

As Harbor Master of Cohasset, I beg to submit the following report:

During the past summer, on account of the war, the Harbor was not so badly congested with pleasure yachts, etc., as in some other years.

Repairs to the stone wall around the "Green" were completed.

I wish to convey my sincere thanks to the members of the Cohasset Yacht Club, the fishermen, and others, for their cooperation and support.

Respectfully submitted,

RALPH C. BURRELL,
Harbor Master.

REPORT OF MOTH SUPERINTENDENT

To the Honorable Board of Selectmen:

During the Winter and early Spring the entire Town was covered in an attempt to control heavy infestations of brown tail and gypsy moths that appeared in sheltered areas where wind blown insects gathered in large colonies. The success of this preliminary work is attested by the full foliage during the Spring, Summer and Autumn.

With the advent of the spraying period a systematic search was made to encourage and sustain the growth of an entomogenous fungus peculiar to elm trees and which parasitizes the elm beetle which has long been considered the principle carrier of the Dutch elm beetle. The systematic spraying program provided the moisture necessary to permit the surface growing mould to increase to a point that this natural check was of great assistance in controlling the elm leaf beetle, usually most destructive during the midsummer.

In the course of the several storms, dead and broken limbs removed by the Tree Department were examined for any trace of disease and burned as a precautionary measure. The usual insect parasites were well controlled and a noticeable lessening of the tent caterpillar was apparent.

It is extremely gratifying to report that through cooperative efforts of various interested groups, our shade trees and forest are now receiving the public attention that they deserve and as Superintendent of this Department it has been my pleasure to accept many valuable suggestions from these interested citizens and your honorable Board.

Respectfully submitted,

ROSCOE G. PRATT, Moth Superintendent.

REPORT OF TREE WARDEN

To the Citizens of Cohasset:

The activities of your Tree Department during the past year have been many and varied. Storm, disease and in a few cases leaking gas mains have taken their toll of our shade trees; while many trees bordering or adjacent to our highways have been removed for reasons of expediency. Storm injured branches incapable of response to tree surgery and constituting a menace to our highways have been removed; while a systematic program of pruning has added to the beauty and has produced healthy specimens of our native shade trees, that will require minimum attention in future years.

The demand for shade tree removals constitutes a yearly problem. Replacements from outlying sources are seldom satisfactory and it seems advisable at this time to recommend to Cohasset citizens the establishment of a Town Nursery wherein replacements would be properly nurtured. Our neighboring towns have well developed nursery stock waiting to fill the gaps caused by necessary removals. It would seem foresighted to follow this example in providing Cohasset grown specimens of both deciduous and coniferous.

In closing I wish to express my appreciation of the splendid cooperation accorded this department by the citizens of Cohasset and feel sure that the public support resulting from this first planned tree program will warrant its continuation in other years.

Respectfully submitted.

ROSCOE G. PRATT, Tree Warden.

ANNUAL REPORT OF THE PLANNING BOARD

In March 1942 Robert Leonard was elected to the Planning Board for a five year term. The Board is now composed of the following members:

Robert A. Leonard—term expires March 1947.

Paul Blackmur—term expires March 1946—entered government service.

Elmer Pratt—appointed active member for unexpired term or until return from service of U. S. Government, whichever may be first.

Langford Warren—term expires March 1945.

Russell Dean—term expires March 1944—entered government service.

William H. Taft—appointed active member for unexpired term or until return from service of U. S. Government, whichever may be first.

Hugh Strain—term expires March 1943.

At a meeting of the Planning Board held on October 16th, at the Town Hall, Mr. Elmer Pratt was elected chairman and Mr. Robert Leonard secretary to replace Mr. Paul Blackmur and Mr. Russell Dean respectively, who have entered Government Service and are now on leave of absence. During the meeting the Board discussed the regulations with the view of possible revisions which the Board planned to take up more at length in the future. Due to the present war conditions, the Board has not been as active as in the past.

Copies of the rules and regulations of the Planning Board are available at the office of the Town Clerk.

ROBERT A. LEONARD, Secretary,
Cohasset Planning Board.

Cohasset, Mass., February 5, 1943.

Kathleen McMahon, kindergarten	Perry Normal	1915

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Cohasset:

During the first full year of our participation in the War the duties of your School Committee have of necessity been varied and extraordinary. Pressing problems and emergencies were solved in the best judgment of your Committee and it is their hope that these carefully considered solutions which include long range planning against similar conditions, will receive the approval of tax payer and parent.

The safety of Cohasset children is paramount and the ever present threat of air raids led to the completion of an adequate air raid shelter in the Ripley Road School, and planned evacuation of the children in the Osgood School to secure basements or homes of nearby residents. Air raid wardens have been assigned and teachers are instructed in their protective duties. Emergency supplies of food, first aid, wrecking and fire equipment have been installed in both schools. The Committee solicited the best professional services regarding the shelter and air raid precautionary measures and believed that the program as set up, and which has proved successful in practise, is efficient and sound.

Replacements of the faculty presented another problem of vital interest to our school population. Mr. James M. Doyle, commissioned a Lieutenant in the U. S. Army, was granted a leave of absence for the duration of the war and six months thereafter. The Committee was fortunate to have available a man thoroughly familiar with school procedure, Mr. William Ripley, Jr., who was elected acting superintendent of schools and principal of the High School. As teacher vacancies have occurred Mr. Ripley has sought the best possible material available and on his recommendations our faculty retains its efficiency through the election of competent, experienced teachers.

New subjects together with increased emphasis in studies that offers Practical Education in line with the War effort have received the encouragement of the entire Committee. Included is a program of alien education recommended by the State and in which we participate with the towns of Hull and Hingham. The responses in all categories have been extremely gratifying and is well worth the small added expense to the current school budget.

The question of fuel was discussed at great length under advices from numerous government agencies who recommended prompt action in the matter of our coal supplies, and following submission of sealed bids from five reputable companies, the fuel supply for the ensuing year was purchased and delivered, with a consequent saving of a considerable amount over

later prices; provided, however, that with the conservation of fuel, a vital issue, that the use of both schools by organizations and the general public be limited in the use of heat for their purposes. This ruling, while admitting to some discomfort, prevents use of necessary fuels for other than school consumption and must be maintained in the interest of economy.

The usual repairs were effected during the summer months with permission granted to Captain Charles Stegmaier of the State Guard Unit to build an auxiliary room in the basement of the Ripley Road School for the use of the local Company.

Later at a special meeting with the Selectmen, Mr. Howard Bates was elected until next annual election to succeed Committeeman Nathan W. Bates, a graduate engineer, who was invited by the Committee to accept a position as a teacher of mathematics, aeronautics, elementary mechanics, and other technical subjects deemed necessary for the instruction of students entering the diversified war industries.

Following the catastrophe at the Cocoanut Grove in Boston, and acting upon the recommendations of the Chief of the Fire Department, the Committee has caused to be posted several rules and regulations in the interest of public safety. Smoking within the school buildings at any time is prohibited, and the use of decorating materials of any kind is definitely prohibited, except with the permission of the Chief of the Fire Department. In the opinion of the Committee these rules are necessary and justified by public opinion and the police have been instructed to enforce these regulations at all public gatherings within the school premises.

With mileage rationing an essential problem it is becoming apparent that the Committee must take steps to reduce transportation mileage wherever possible. A new bus schedule is being considered in the hope that rationing regulations will be satisfied without too great inconvenience.

Due to the critical fuel oil situation that may result in danger to the life and health of Cohasset townfolk, the Committee contemplates a plan whereby in cooperation with the Social Service League, the Red Cross and other civilian defense organizations, the Cohasset schools may be used as emergency shelters for individuals and families suffering as a result of a fuel shortage.

In closing special emphasis is placed on the following paragraphs:

The Committee wishes to express their appreciation to the members of the faculty for their unselfish efforts in the several rationing programs. Theirs is a splendid example of patriotism that deserves the thanks of the entire community.

The Committee is very proud of members of the student body and faculty who volunteered to serve their country in its armed forces, and have voted to award a War Certificate of Proficiency to the members of the student body in their Senior year who have left the school and their graduation, with a provision that a diploma will be properly granted, if in the opinion of the Committee, their studies or experience have been completed while in the Service.

Respectfully submitted,

COHASSET SCHOOL COMMITTEE
John Emery, Chairman.

REPORT OF THE ACTING SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Cohasset:

The impact of war has necessitated adjustment and readjustment in certain phases of our educational activities. As in our home and business life, we find that the times are such that precedents cannot always be relied upon in the solution of our problems. The schools are confronted with shortages of certain supplies, curtailment of transportation, competition of industry, the armed services for teachers, and the general unrest stimulating youth in a period of turmoil. The greatest stabilizing influence in adjusting one's thinking upon these things is the realization that both the armed forces and vital industry expect the schools to competently train boys and girls to join their ranks.

In April, Mr. James W. Doyle, Superintendent of Schools, and Principal of the Osgood School, left for service with the army. I assumed his duties in both capacities at that time. Mr. Murdock S. Matheson was appointed to teach the sciences and mathematics, during the period in which I should be so engaged. Miss Marion Chandler retired in June after 31 years of faithful service. To meet the need for the increased load of mechanical and mathematical subjects, Mr. Nathan W. Bates was appointed to the teaching staff of the Osgood School. In the elementary grades, Miss Dorothy Woods succeeded Mrs. Ruth Mottau Williamson as fourth grade teacher, and Miss Jeanette C. Woodward was appointed to the vacancy in the position of remedial reading teacher.

Some curriculum changes were made in the high school, following the advice of both the National Commissioner of Education, Mr. J. W. Studebaker, and our State Commissioner, Mr. Walter Downey. A course in pre-flight aeronautics was introduced for boys in the Senior and Junior classes. Increased emphasis is being given to mechanical drawing. The classes in mechanics which met three days a week last year have been increased to five periods per week, and some few periods of mechanics are now open to girls.

The school system has administered the initial registrations for rationing, as follows: War Ration Book I, the first gasoline rationing, the second gasoline rationing, and fuel oil rationing. We have also supplied the registrars for two registrations for Selective Service in the past year. The teachers did this cheerfully and are appreciative of the efforts of those willing volunteers about town who helped out when the load seemed about to be heavy. Many high school students prepared the publicity and rendered general assistance at various times.

The Air Raid Shelter at the Ripley Road School had been completed, and the children drill to take their places in it with remarkable efficiency. Many small repairs to floors, stairways, roofs, and various parts of both buildings were completed during the summer. The exterior of the Industrial Arts Building was painted, as were three classrooms at the Ripley Road Building. Both buildings were inspected by the State Inspector, and certificates have been issued by him.

For more specific details regarding the various departments or phases of the schools activities, I commend to you a careful reading of the appended reports. The expenditures of the school department will be found under the report of the Town Accountant.

In the elementary grades, I recommend that we bend every effort to maintain and improve that which we have attained thus far. The high school, particularly for the older boys and girls, will tend to become a specialized training in specific areas defined by the armed services and war industries. In addition to this, in war as in peace, its essential duty of preparing good citizens must never become a secondary objective.

I thank the members of the school committee, the teachers, and all other employees for their very great help and cooperative spirit.

Respectfully submitted,

WILLIAM RIPLEY, JR.,
Acting Superintendent.

REPORT OF THE PRINCIPAL OF THE RIPLEY ROAD SCHOOL

Mr. William Ripley, Jr., Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

During the past year four teachers, new to our system, became members of the Ripley Road School teaching force. Three took the places of teachers who had left Cohasset, and the fourth resumed the work in remedial reading which has been discontinued. You were fortunate in securing experienced teachers to fill the vacancies, and the teacher-pupil adjustment was quickly and smoothly accomplished.

In September twenty-four pupils, needing help in reading, were recommended to Miss Woodward, the remedial reading teacher. Six have been added to that list during the year. These pupils were given reading capacity tests. These tests aim to determine just what a child's reading capacity really is. For example, a fourth grade pupil may have only a second grade reading capacity. This child is having difficulty in grade four because of his low reading capacity, but perhaps is doing as well as he is able to do. Not much can be done to help him, and at best the improvement will be very slow. Another pupil in the same grade may have a sixth grade reading capacity but is reading only on a third grade level. This child can definitely be helped, and we endeavor to diagnose his difficulty and help him overcome it. After the pupils have been tested for capacity and disabilities, they are grouped accordingly. The groups are small, and each pupil gets a maximum of individual attention—much more than he could receive in his classroom. A remedial reading class does not guarantee that every child will become an easy, fluent reader, but it is an earnest attempt to help pupils overcome their reading disabilities and to make reading a pleasure rather than an unpleasant task.

We gave the Stanford Achievement Tests in grades four, five and six in October. The chief value of such tests to me, as principal, is that they enable me to know my school; each grade, class, and pupil. They also aid me in pupil classification and grading. To the classroom teacher, they are of great value as she learns her pupils' strength and weaknesses, and because of this knowledge, she can improve her instruction according to individual pupils' needs. The Gates Silent Reading Tests were given in the lower grades for the same purpose—i.e. to determine progress and to improve instruction.

In May we had our first air raid shelter drill and have continued to have them at frequent intervals. Although the idea behind the drills is formidable to an adult, the children enjoy them, and there seem to be no alarming thoughts in their minds. We spend a few pleasant minutes in the shelter singing songs, and the war seems far away. The experience means no more to the children than a fire drill.

Because of the changes in our teaching force and the interruptions in our program during rationing periods, we have omitted some of the extra activities of other years. We have tried, however, to give our pupils the same thorough foundation in the fundamentals that is so important to their future success.

For your assistance and interest, and for the willing cooperation of the teachers and supervisors, I am very grateful.

Respectfully submitted,

HELEN L. BROWN

REPORT OF THE DIRECTOR OF GUIDANCE

Mr. William Ripley, Jr.,

Superintendent of Schools,

Cohasset, Massachusetts.

Dear Sir:

As the first report from the Director of Guidance in Cohasset, it might be well to explain the purpose of such an office in our school system.

For two years we have been working on a plan of correlating various records and thoughts so that we could best aid our young people in preparing for their future. This year we state the aims of Guidance. In future annual reports, we hope to show the justification of these aims.

Guidance may be roughly divided into two general areas. One area is concerned chiefly with the abilities and interests of the individual. The other area relates to factors aside from the individual, such as occupational information, training opportunities, community relationships, and social activities. It is in the first area, namely, the abilities and interests of the individual, that the individual inventory plays a dominant part.

The individual, or personal inventory is essentially an array of those facts about a pupil which distinguish him as an individual apart from others. This program takes into account a wide range of such factors as physical development, health, mental characteristics, educational achievement, social background, interests, and special talents. It is the school's formal record of its efforts to discover and capitalize the individual differences among pupils.

The use of the individual inventory in guidance programs in secondary schools has been urged for many years. The recording in one place of all pertinent facts about a pupil greatly facilitates the consideration of this information at those times in the pupil's school life when guidance is needed. Without this systematic collection of personal data, some important facts may be overlooked. Developing this inventory has been our major aim.

Young people of today have privileges and opportunities such as those of no other time ever had. Yet, in viewing the future, they are beset with anxiety and uncertainty. The paramount question is, "Will I find satisfactory placement in work—for which I am suited by ability, aptitude, and training?" To solve this problem, youth requires sympathetic understanding, wise direction, and intelligent guidance. Teachers and counselors can play a most important role in helping young people take the proper steps in the selection of their careers.

Those who prepare for desirable jobs are more likely to obtain them than those who are not prepared. However, most boys and girls are not easily impressed with the value of adequate preparation for the business of living. They usually do not profit to an appreciative degree from what the high school has to offer them because they do not understand the real purpose of education. They are often unable to connect school life with life outside the schoolroom. Many students would put more energy and initiative into school subjects if they realized at the time that they were laying the foundation for their future careers.

One of the most valuable services the guidance teacher can render is to assist youth in bridging the gap between school life and the world of work. Becoming satisfactorily adjusted in occupational life calls for the surmounting of many difficulties. Getting a job of any kind often entails a great deal of personal salesmanship. Selling one's self is no easy task for the inexperienced high school boy or girl. Boys and girls are aware of the vocational problems facing them. They are eager for information, but they want tangible, individual information.

It is not enough to secure a job or choose a vocation and begin work. Equally as important is the question of making good. Certain characteristics and qualities lead to advancement, success, and happiness; others lead to failure and discontent. Not only do boys and girls need help in identifying desirable and undesirable characteristics, but they need guidance in developing the elements of success and in applying them to their own ways of living.

The person who uses his spare time wisely has much to gain. The person who squanders his spare time not only has nothing to gain, but his health, peace of mind, and character are at stake. Unwise use of leisure time is the undoing of countless boys and girls. Shorter working hours in this modern age have increased leisure time. How to make gainful use of spare time is a problem to be met by the individual who wishes to make life a happy combination of work and play.

Every normal person desires success and happiness. So often success is denied and happiness never realized because of the wrong scale of values established by the individual. Right ideals like other worth-while things must get off to an early start, if one is to reap full benefit from them. Everyday habits of living must tune in with aims, ideals, and purposes, in order that needless conflicts be avoided. Each day brings forth trivial problems which call for readjustment. Assisting young people in more effective habits of dealing with the lesser immediate problems is providing the best training with which to meet the major problems of life successfully.

The following outline may facilitate an understanding of the contributions that the school can make in the areas of educational and vocational guidance, citizenship training, and character education.

Educational and Vocational Guidance

1. Supply reliable information regarding the nature and value of school subjects and curricula offerings.
2. Encourage the pupil to plan an educational program in accordance with his own abilities, interests, and aptitudes.
3. Give the pupil a general over-view of the world of work.
4. Make the pupil familiar with the techniques of making an occupational choice, and of entering a chosen field of endeavor.
5. Make the pupil aware of the educational opportunities open to him when he leaves the high school, before or after graduation.
6. Encourage the pupil to remain in school until he can enter occupational life advantageously and with appropriate training.
7. Make a systematic and conscientious effort to develop and improve the pupil's study habits.
8. Afford a place where individual or group educational and vocational problems may be considered.

Guidance for Citizenship

1. Help the pupils get acquainted with one another, with the school personnel, building, regulations, customs, and traditions.
2. Provide one of the strategic places where good citizenship can be practiced through cooperative living.
3. Develop responsibility for leading and following.
4. Develop habits of thrift in terms of money, time, and energy.
5. Formulate and develop codes of safety in the home, school, and community.
6. Develop appreciation for one's community.
7. Develop the idea of personal service to the school and to the community and give the pupil experience in such activity.
8. Help develop a code of school citizenship and a deepening of loyalties.
9. Provide a place where individual or group problems of citizenship may be considered.

Guidance in Character Training

1. Develop proper attitudes toward school, home, and community.
2. Help cultivate respect for authority and worthy traditions.
3. Develop a sense of personal responsibility in the pupil as a citizen in the school making it a better place in which to live.
4. Develop skills in forms of common courtesy and social etiquette.
5. Provide an opportunity for a study and discussion of successful men and women.
6. Help develop an appreciation and desire for what is good in art, music, nature, literature, and friends.
7. Provide a place where ethical problems of an individual or common nature may be discussed.

Respectfully,

BURDITT W. COLLINS.

REPORT OF THE SUPERVISOR OF ART

Mr. William Ripley, Jr.,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

The annual report of the Art Department is hereby submitted.

Changes have been made in the schedule to permit many more high school students to take Mechanical Drawing. The national emergency has proven the need for a great deal more training in this and allied subjects, a need which has been pointed out by Mechanical Drawing teachers everywhere in the years preceding this emergency, with little or no success. Less and less time had been allotted to this subject, until our war preparations brought out the fact that there exists a very definite shortage of trained draftsmen. Our course is planned to build a foundation for further training in the field of technical training.

Mechanical Drawing, or Graphics, as it is more properly called, is not only an educational subject, it is cultural as well. The student who takes this subject is starting out on a new adventure which can be just as exciting as any other subject. It will interest him very often when other subjects in the curriculum have lost their hold, and will give him valuable training in organized thought and in the habits of precision which will be of great value to him even though he never enters the field of technical work. If he does continue along these lines, he will have a thorough knowledge of the basic elements of the Graphic Language and its expression in crystallized form. The educational aims briefly stated are as follows:

1. To train in mental organization which is the crystallized record of visualization.
2. To teach a graphical language.
3. To create a respect for accuracy and for precision instruments.
4. To use Graphics as a tool.
5. To train in the development of personal pride in one's own work, an extremely important aim.

Thirty-eight students are enrolled in our Mechanical Drawing classes, five of them girls.

In the Industrial Survey course sixteen girls are being trained in the technique necessary to enable them to make inked tracings of working drawings, with the hope that these girls may be fitted to release skilled draftsmen in defense plants for the other phases of their work which require complete training.

In order to organize these extra classes in the high school my time at the Ripley Road School has been curtailed, making it necessary for the fifth and sixth grade teachers to teach drawing part time. The fine spirit of cooperation in that school is much appreciated.

We have been called upon to do some work for the Junior Red Cross. One project which proved to be popular and successful was the designing of six by nine menu covers to be used at Christmas dinner in the Navy, North Atlantic Area.

The war has changed the picture considerably in our art teaching, but we are endeavoring to hold to as much of the fundamental teaching as is possible. We have tried to teach art in its relation to everyday living and at the present time it seems more important than ever to hold fast to our ideals, even when called upon to lay them aside temporarily.

Your interest in the art department and its problems has been most helpful.

Respectfully submitted,

FLORENCE E. KRAUS.

January 1, 1943.

REPORT OF THE HOME ECONOMICS DEPARTMENT

Mr. William Ripley, Jr.,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

The world of today needs men and women who are able to use their hands in useful and constructive work, who are not afraid to work and who have the ability to spend money wisely and to receive value therefor; and boys and girls of school age must be trained to do their part.

The girls are receiving some of this training in their Home Economics classes. Cooking is taught in the eighth and tenth grades and includes the preparation and serving of simple, well-cooked foods, efficiency and economy in handling food materials, the requirements of the body and how they are best supplied to develop strong and healthy individuals.

The sewing courses teach the making and use of stitches, the use of patterns and the sewing machine and their application in making simple garments. The care and repair of clothing is taught, mending, patching, and darning of various kinds. Considerable Red Cross work has been done; this includes the making of garments and quilts and knitted articles and afghans.

"U S. needs us strong" is the slogan of the National Nutrition Committee. One of the best ways to make us strong is by eating the right kind of foods. Young people, especially, need an adequate lunch, preferably a hot one, after their early morning start and a morning of school work.

Although the price of all food commodities has gone up, so far we have been able to keep our lunch room prices at the same level as last year. At the present time we are serving a complete lunch for ten cents: this includes a main dish and a dessert, with sometimes a vegetable added and sometimes a fruit juice. Soups, milk, salads, and sandwiches may be purchased separately.

In closing, I wish to thank you and the School Committee for your interest and cooperation.

Respectfully submitted,

HELEN C. WELCH.

INDUSTRIAL ARTS DEPARTMENT

Mr. William Ripley, Jr.,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

I submit to you herewith my report of the Industrial Arts Department for the year 1942.

General objectives of the school shops:

1. To develop handiness to enable the pupil to apply the test of practice to some of his thinking.
2. To develop the mind in providing constructive problems, in materials, which demand a vigorous mental reaction.
3. To interest in school work those pupils to whom the traditional studies do not appeal strongly.

Special objectives for the older boys:

1. To provide means for developing technical knowledge and skill.
2. To help to discover special interests and aptitudes important to vocational guidance.
3. To create interest in the Arts and Industries.

The adequately equipped woodwork and print shops provide the opportunity for the boys to achieve these objectives.

At the present time the boys of the eighth grade are constructing one dozen electric lamps for the American Red Cross. Other projects are to follow.

Under the direction of Mr. Nathan Bates important additional courses are now offered to high school boys and a group of girls as well. These are auto mechanics, elementary aviation, and general mechanics for girls. Consideration is being given now to the providing of other means of pre-induction training for both industry and the armed services.

The courses are an advance in the right direction, in keeping with the needs of the times, and I hope are forerunners to the establishment of a real state-aided Trade School. I suggest that plans for such a school be made now.

Respectfully submitted,

MAX H. MEYER.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. William Ripley, Jr.,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Mr. Ripley:

I herewith submit my twentieth annual report.

Music is a subject not to be talked about but expressed as sound. No volume of scholastic theories ever will do what one simple song or any easy piano piece can accomplish.

All children like to sing! True. All children like good music! True. And all children will gravitate naturally to singing and choosing the good in music if left to their own devices.

But while the pupil is exposed to music in school for a short period daily and during that time is encouraged to do his best we must not fail to consider the outside influences surrounding the child. The movie, the radio, and the phonograph contribute little of a constructive nature. Rather, the average radio program tends to break down high standards rather than to build a better standard.

"When listening come in participation goes out."

Our task must be to encourage *doing* not listening. Listening to radio programs tends to mental laziness, it saps the spirit of initiative. More children would be prompted to study instruments were it not for the radio. Before the advent of radio music in the home was obtained through the playing by the children, all of whom took music lessons. A musical education meant "taking lessons." What is now termed appreciation was unknown.—(music via phonograph—) acquaintance with Bach and Beethoven was acquired by learning to play their music and that is true appreciation.

To know Mozart and his style, play the music of Mozart. And the same holds true of all music literature.

Respectfully submitted,

FREDERICK A. TAYLOR,
Supervisor of Music.

REPORT OF THE DIRECTOR OF ATHLETICS

Mr. William Ripley, Jr.,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

Out of the present world conflict many innovations, transformations, and changes will develop; and not the least important will be the changed American viewpoint on public school physical education and athletics. The Selective Service draft of today has found too large a number of America's youth unfit for military service. A great number of those accepted have not had any physical training or health education. This fact is making it necessary that the period of training be longer for those boys before they are ready for active service.

Dr. John W. Studebaker, United States Commissioner of Education, has prepared a program for the physical fitness of all high school pupils. I quote from Dr. Studebaker's report.

"The program that has been prepared recommends that (1) all high school pupils be required to have at least five full periods each week of instruction in physical fitness activities; (2) opportunities be provided for all pupils to participate for ten hours each week in some forms of extra-curricular athletics; (3) the physical activity program be planned in light of the results of directed observation of each pupil by the teacher and of medical examinations; and (4) the general health program be improved."

In Cohasset we would like to do more than we are doing at the present time. Plans are under way for a more rigid physical fitness program. Although the girls have the benefit of gym work during the school days, the boys have had to be satisfied with extra-curricular sports for many years. Baseball and track have been offered in the spring and football in the fall. These sports have been made attractive enough so that almost every boy who was not working afternoons had the benefit of this exercise. No boy is allowed to take part in competitive sport who is not first examined by the School Physician and found to be physically fit. Physical accident insurance is also carried by all of the high school boys who take part in intramural sport.

Recently, there has been an added impetus toward basketball for boys in the school. The boys have been practicing in the Assembly Hall of the school under Mr. Matheson's direction. In the near future, we hope to have the use of the Town Hall for some of the practice sessions and perhaps for a few games.

The High School Baseball and Football teams in 1942 were coached by Mr. O'Brien. With the transportation problem as it is, the boys were able to meet teams in adjacent towns only. However, the seasons proved very successful, and we shall continue to keep inter-scholastic sports alive as long as we can.

One of the major aims of education has always been physical fitness. Through a program of physical education and health, public schools have attempted to make the boys and girls physically strong, and mentally alert. These characteristics lead to proper social integration and spiritual development.

Physical education programs have been conducted also as a contributing factor of three other basic educational objectives: health, the use of leisure time, and ethical character. These three objectives are not the sole responsibility of physical education, however; they are in harmony with, and parallel to, the general aims of education.

Respectfully submitted.

BURDITT W. COLLINS.

REPORT OF THE SUPERVISOR OF PHYSICAL EDUCATION

Mr. William Ripley, Jr.,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

The Physical Education program at both schools has been carried out with the same aims and objectives in mind. However, greater emphasis has been placed on body health, body mechanics, body suppleness, and body control which are vital to everyone under the present conditions.

At the present time, everyone realizes the importance of good health. The primary source from which it is derived is through exercise. Therefore, Physical Education should be given proper recognition and support.

"Through exercise the circulatory system, digestive system, eliminatory system, respiratory system, and metabolism in general, are stimulated into

action and subsequently into a state of organic health. Through lack of exercise the various organs tied up with these systems decay. This is an unchanging law of nature."

The excellent Field Hockey equipment which you and the School Committee have so kindly provided has proved to be an added impetus in the Physical Education program. It might interest you to know that it has not only broadened the athletic program but it has definitely improved the girls' morale.

Respectfully submitted,

FLORENCE C. AYERS.

REPORT OF THE SCHOOL PHYSICIAN

Mr. William Ripley, Jr.,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

The general health of the pupils during the school year 1942-43 is satisfactory, with infectious diseases at a low level. The pupils of the Ripley Road and the Osgood Schools have been examined, and parents notified of remedial defects. Sanitary conditions have been inspected and recommendations made.

Respectfully submitted,

FREDERICK HINCHLIFFE, M.D.,
School Physician.

REPORT OF THE SCHOOL NURSE

Mr. William Ripley, Jr.,
Acting Superintendent of Schools.

Dear Sir:

Number of pupils taken home during school hours for illness or accident	56
Number of home visits pertaining to absence and health of pupils	60
Number of pupils taken to office of School or Family physician	7
Number of home visits for family history of pupils examined by psychiatrist	10
Number of "Follow Up" visits on notices sent parents by School Physician	37
Number of pupils given Turberculin Test—Grades 9 and 11	41
Number of pupils reacting to test	3

Number of pupils X-rayed (including repeats of previous years)	6
Number of teachers X-rayed (by request)	11
Number of active cases of tuberculosis	0

A Pre-School Clinic was held at the Ripley Road School on May 13, 1942. Twenty-four children attended. A physical examination was made by Dr. Hinchliffe, and a dental examination by Dr. Corrigan; recommendations were made to the parents at this time. A nutritionist from the State Department was also present and interviewed the mothers.

The majority of children in Cohasset have been immunized against Diphtheria, and for this reason only eight pupils attended the Clinic this year.

A Dental Clinic for both schools is held at the Ripley Road School two full days each week, and pupils with eye strain or poor vision have had the needed correction.

The attendance at the Ripley School has been especially good this past year. We have had very few contagious diseases; namely one case of Scarlet Fever and several cases of Chicken Pox. Most of the absences have been of short duration.

At the Osgood School an improvement has been noticed in the posture of the girls. Miss Florence Ayers, physical education teacher, should be commended for her fine work in dealing with this problem.

The classroom teachers are very mindful of the health of their pupils and co-operate in every part of the Health program.

Respectfully submitted,

FANNIE JAMES,
School Nurse.
